SUMMARY

8+ years in retail, wholesale, health and fintech, starting in B2B sales. At METRO Kazakhstan I run Pricing & Revenue, Telesales and the Call Center together with Marketing & PR in six cities, with KPIs in gross margin, contribution margin, Total Income and price index. I make pricing and sales decisions on data and build the tools for it myself with analytics and AI.

KEY RESULTS

- **Full assortment repriced** after the VAT increase from 12% to 16% and a review of socially important goods, with no operational disruption.
- **Telesales from zero:** sales-team KPI attainment 31% → 74%, 91% of Almaty's HoReCa base reached, about 130% of pilot targets.
- **Interna Clinic:** occupancy 40% → 130% with a waiting list, repeat visits 15% → 70%.
- **Real-time Price Index** dashboards replaced manual price checks.
- **Buying B2B customers +32%** and **new B2B registrations +39%** year over year.
- **139 HoReCa B2B partners** signed for the Rakhmet loyalty and fintech platform at Chocofamily, owning the full sales cycle.
