SUMMARY

I find manual work and friction in the customer journey and turn them into products and tools that cut days to minutes. 8+ years in retail, wholesale, health and fintech. Now Head of Growth & Profitability at METRO Kazakhstan, part of METRO AG: 6 cities, 30,000+ customers, 10,000+ SKUs. I own the customer journey and experience of the MCompanion app and the MShop e-commerce site. Open to new roles as METRO exits the Kazakhstan market.

SELECTED ACHIEVEMENTS

- **2 days → 20 minutes.** Built a POSM creation tool, later adopted by METRO/MAKRO in Serbia and Romania, and also handed over to Spain and Portugal.
- **Digital B2B registration platform:** lead and customer data in one place; customer setup 25–30 minutes → under 5.
- **Repeat visits 15% → 70%** at Interna Clinic after launching a call center and CRM segmentation of 15,000+ patients; average ticket +20%.
- **7 days → 15 minutes.** Built a sales tool that matches customer purchase lists to METRO's range for same-day offers.
- **Real-time dashboards and Price Index** replaced manual price checks and Excel reports; trained about 400 employees in BI.
- **Web3 go-to-market.** Positioned and launched Digital Dirham in Abu Dhabi and built its marketing team.
